Description: Do you consider yourself an environmental ally? Maybe you recycle your household goods, ride a bike, and avoid too much air travel. But did you know that the primary driver of climate change isn't plastics, or cars, or airplanes? Did you know that it's actually our industrialized food system? In this fascinating new book, authors Nil Zacharias and Gene...

Review: As humans striving to thrive we continue on the familiar road of our industrialized food system dominated by animal agriculture, as the world population increases alongside the demand for meat and dairy; the industries. Zacharias and Stone point out the enormous amount of resources it takes to maintain the constant flow of affordable animal food and...
